

PRIME

PREMIUM PLANT-BASED NITRO BOOSTING* MULTI-PURPOSE SHAKE

PRIME SHAKE BENEFITS:

- A dynamic blend of plant proteins that can help boost your Basal Metabolic Rate up to 30% higher for several hours*
- Supports gut health with nature's most effective prebiotic fiber and a broad range of digestive enzymes*
- Clinically shown to improve the body's production of Nitric Oxide by up to 230%*
- Helps optimize immune functions*

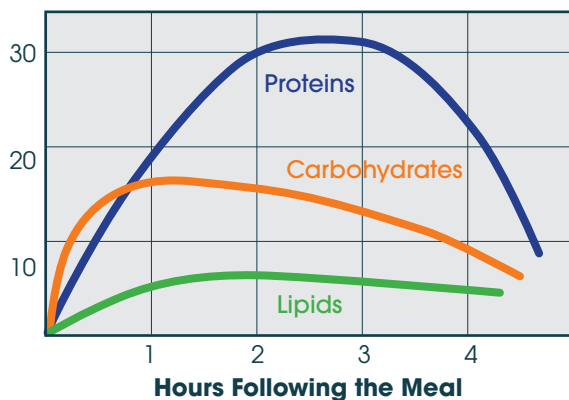

TURN ON YOUR FAT BURNING METABOLISM

70% of total energy expenditure is due to Basal Metabolic Rate (BMR) which maintains normal life processes

20% is due to physical activity

10% is due to thermogenesis – the digestion of food

% of Basal Metabolic Rate

VEGAN

GLUTEN-FREE

DAIRY-FREE

SOY-FREE

NON-GMO

By lowering sugar intake, increasing protein intake and supplementing with xylooligosaccharides, the body can become reprogrammed to favor fat burning, reduce fat accumulation, and increase energy metabolism, thermogenesis and insulin sensitivity.*

— Natural Product Insider

In a National survey (over 10,000 participants), 78% of those who lost weight on any type of diet reported to eat a protein breakfast.

Alovéa Shake contains no artificial flavors, sweeteners, dyes, or colors.

Alovéa PRIME Shake is formulated with a variety of plant-sourced proteins in order to provide a wide range of amino acids.

Protein

The intake of protein in the morning can raise your Basal Metabolic Rate (BMR) up to 30% for about 4 hours. Protein provides the building blocks for the body's production of lean (fat-burning) tissues.*

Xylooligosaccharides

Fiber is resistant to digestion and therefore can raise your BMR. Xylooligosaccharides (XOS) are a minimum of 4 times more effective at enhancing your gut's production of friendly bacteria over any other form of prebiotic fiber. XOS also have the added benefit of restricting bad bacteria growth. An imbalance in the ratio of friendly bacteria to bad bacteria in your gut is a major contributor to chronic inflammation and weight gain.*

S7®

A blend of plant-based ingredients that has been clinically shown to increase Nitric Oxide (NO) production in the body by up to 230%. Nitric Oxide is a vasodilator signaling blood vessels to relax thus increasing blood flow, oxygen and fuel to our cells which make **PRIME** Shakes a great workout drink.*

Digestive Enzymes

A broad range of digestive enzymes to support the proper breakdown of your foods into nutrient building blocks. Undigested foods result in wasted nutrients.*

Alovéa Acemannan Extract (Alovéa AE™)

Nature's most powerful immune optimizing molecule. Supports good gut health and enhanced recovery from exercise events.*

SUGGESTED USE:

For healthy weight management and nutrition, mix 1 scoop of Alovéa Shake with 8 oz cold water, milk, or non-dairy beverage, 1-2 times daily. Blend with ice or other ingredients as desired.

May also be mixed with added ingredients for a meal replacement.
