

HOPE

LEMON DROPS

NATURAL LEMON FLAVOR
HARD CANDY*

Experience a healthy kind of indulgence with our Acemannan-infused, sugar-free lemon hard candies. Each piece treats you with a zesty lemon taste that satisfies your sweet tooth while being kind to your body.

Every serving contains 5 grams of dietary fiber and are completely tooth-friendly—free from harmful sugars that contribute to tooth decay and inflammation—making them a smart choice for both your taste buds and your oral health.

Whether you're satisfying a craving or looking for a healthier way to enjoy something sweet, our lemon hard candies offer a delicious, nourishing alternative to traditional sweets. They're proof that candy doesn't have to be bad for you—it can be a feel-good, functional treat you'll want to enjoy every day.

HOPE LEMON DROPS

All-natural sugar-free, immune-supporting candy treats are a delicious, guilt-free treat for all ages.

Each HOPE Lemon Drop includes:

- Acemannan immune system support
- 5 grams of healthy fiber
- Xylitol, the healthy alternative to sugar or artificial sweeteners, which also helps prevent cavities

Alovéa AE™
 (Certified organic aloe vera inner leaf gel powder) 50mg*

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

†One serving adds 0g of sugar to your diet and represents 0% of the Daily Value for Added Sugars.

INGREDIENTS: Dextrin (dietary fiber), Erythritol, Xylitol, Citric Acid, Ascorbic Acid, Natural Lemon Flavor, Turmeric (Color), Alovéa AE, Stevia Leaf Extract.

Made in a nut-free facility and are free of nuts, soy, gluten, dairy, egg, and artificial colors, flavors, and sweeteners.

Excessive consumption may cause a laxative effect.

CAUTION: Small objects such as hard or soft candies may inadvertently become lodged in the throat.

NOT SAFE FOR PETS.

ACEMANNAN'S SYNERGISTIC IMPACT ON ORAL HEALTH

Dental cavities (tooth decay) affects 60-90% of children and adults in industrialized nations. Research has shown that the antibacterial, antioxidant and anti-inflammatory activities of Alovéa AE™ (Acemannan extract) support the immune system's defense of tooth decay and periodontitis and the accelerated healing of oral wounds and ulcers.

XYLI-WHAT? ERYTHRI-WHO?

Xylitol and Erythritol are the perfect alternative to sugar. They are natural sugarless sweeteners that are plant based, are low calorie, and have been shown to help resist tooth decay.*

*When incorporated into daily routine.
