

OPTIPACK

IMMUNE-OPTIMIZED
CELLULAR NUTRITION PACK†

MEETING THE NEEDS OF MODERN LIFESTYLES

We all desire abundant health, vitality, focus, energy, proper weight, youthful-looking skin, and to stay free of disease. This can all be achieved through healthy cell production and maintenance.

Healthy cells = healthy tissues = healthy glands and organs = healthy systems = healthy you.

However, the over exposure to nutritionally depleted foods, toxins in everything we eat, drink, and breathe, and the stresses of modern life have been shown to damage our healthy cells. This often results in mitochondria dysfunction and can cause relentless hyperinflammatory responses throughout the body that have been identified as the root cause of almost every chronic disease.

THREE ADVANCED NUTRITIONAL PRODUCTS DESIGNED TO HELP YOU ACHIEVE ABUNDANT HEALTH

Alovéa's OPTIPACK has been uniquely formulated with nature's most powerful whole-food sourced extracts for restoring and maintaining optimal cellular health.

THE ESSENTIALS FOR CELLULAR HEALTH

Vitality

Whole-Food Nourishment*

A unique blend of nature's most nutrient-dense foods, plants, sprouts, and immune optimizing Acemannan. This amazing breakthrough composition provides standardized levels of whole-food sourced vitamins, minerals, digestive enzymes, and trace elements in their most natural form for the production and maintenance of healthy cells and an optimally functioning metabolism.*

OMEGAS⁴

- 100% natural, unrefined salmon oil from pristine Norwegian fjords.*
- Contains the full-spectrum of essential Omega 3, 6, 7, 9, and 11 fatty acids and the natural Astaxanthin (antioxidant) that naturally occurs in unrefined salmon oil.
- Cyclodextrin complexed salmon oil is up to 6 times more bioavailable than natural fish oil omega fatty acids, and up to 18 times more bioavailable than refined Omega 3 fatty acids.
- Blended with Alovéa's proprietary Acemannan Extract, ElevATP®, and Coenzyme Q10.

Formulated to support cellular health, mitochondria clean energy production, and inflammation control.*

OPTIMIZE

Immune Function Optimization†

(Highest Level of Immune-Activating Acemannan†)

A power-packed proprietary blend of best-in-class super-food extracts combined with our exclusive Alovéa Acemannan Extract (Alovéa AE™). This blend has shown to provide the optimal immune system support, inflammatory bio-marker defense, and oxidative damage protection to offset the ravaging effects that toxins, heavy metals, and stress inflict on our cells and their mitochondrial functions.*
