Phytocannabinoid Rich Hemp Oil – THC Free

Acemannan aloe vera extract

Certified Organic Essential Oils

Patented Cyclodextrin Transdermal delivery system that insures quick absorption of beneficial ingredients†

BENEFITS:

- Easily applied and absorbed
- Rich emollient moisturizer for more youthful skin†
- Eases irritation, soreness and great for pre- and post-workouts†
- Helps soothe and ease discomfort and tension†

Balms vs Salves

In the growing world of hemp topicals, there are many balms and salves. What's the difference?

Most balms sit on the skin and have to be rubbed in, while salves absorb into the skin. Salves are softer than balms and can be applied with a fingertip or small spatula. Balms contain more beeswax and are harder.

Alovéa's EASE utilizes a patented cyclodextrin transdermal delivery system to optimize the incredible benefits of the phytocannabinoid rich hemp oil and Acemannan which when combined with the benefits of the certified organic essential oils, provides immediate absorption through the skin for a quicker easing of tension and discomfort. That extra tingle adds that special "WOW" factor!†

EASE

EXTRA-STRENGTH SALVE WITH PHYTOCANNABINOID
RICH HEMP OIL AND ALOVÉA AE™†

INGREDIENTS: Caprylic/Capric Triglyceride, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Beeswax, Cannabis Sativa (Hemp) Seed Oil, Methyl Salicylate, Menthol, Tocopheryl Acetate, Alovéa AE™ (Certified Aloe vera inner leaf gel powder), Dimethyl Sulfoxide, Camphor, Cannabidiol, Polyglyceryl-10 Dioleate, Polyglyceryl-10 Dipalmitate, Cyclodextrin, Mentha Piperita (Peppermint) Oil.

STORAGE: Store in a cool, dark place.

WARNING: Keep out of reach of children. For external use only. Do not apply to damaged or broken skin. If irritation occurs, discontinue use.

SUGGESTED USE:

Apply to clean skin as needed up to 3-4 times daily.

THE GAME CHANGERS

There are many hemp oil products that have been formulated with additional ingredients to provide support for specific benefits like improved sleep, mood and joint health.†

Combining the immune modulating fractions of Acemannan with phytocannabinoid rich hemp provides a synergistic impact ($1 + 1 = 4$) that can dramatically enhance overall immune support.†

PATENTED TRANSDERMAL DELIVERY

Cyclodextrins are starch-based cones that are used to encapsulate oils and other beneficial molecules to dramatically enhance their transdermal delivery into the deep layer of the skin.†

Every Alovéa product purchased helps to nourish children in need through our Buy 1, Nourish 1™ giving initiative. For details, visit us online at alovea.com/hopemovement
